ELITE 6 - SHIBAMONS CORE TEAM

We have 6 core trainers behind Shibamon, each one encapsulating a different trait.

One trainer is a Shibamon photographer, dedicated to drawing and illustrating Shibamon in the wild.

We have two trainers who are developers, experts in writing Solidity and blockchain technology.

We have a head of Shibamon relations, in charge of running all of our community operations.

We also have two marketing trainers, experts in getting our name out there and making sure each Shibamon is represented
